I. The Directive on Non-Financial Reporting

I.a Highlights

Amendment to the Accounting Directive

*This is about providing **concise, useful information** for companies, investors and society at large.*

*The Directive leaves **significant flexibility** for companies to disclose relevant information in the way that they consider most useful, using the framework of their choice.*

***Audit requirements** are limited to checking that the information has been provided*

I.b Scope

Large public interest entities with more than 500 employees:

- *Companies listed in EU markets*
- *Some unlisted companies:*
 - ❖ Credit institutions
 - ❖ Insurance companies
 - ❖ Other companies designated by Member States

→ *Approximately 6000 companies covered*

I.c Disclosure requirements

*Companies will include a non-financial statement in their **management report**.*

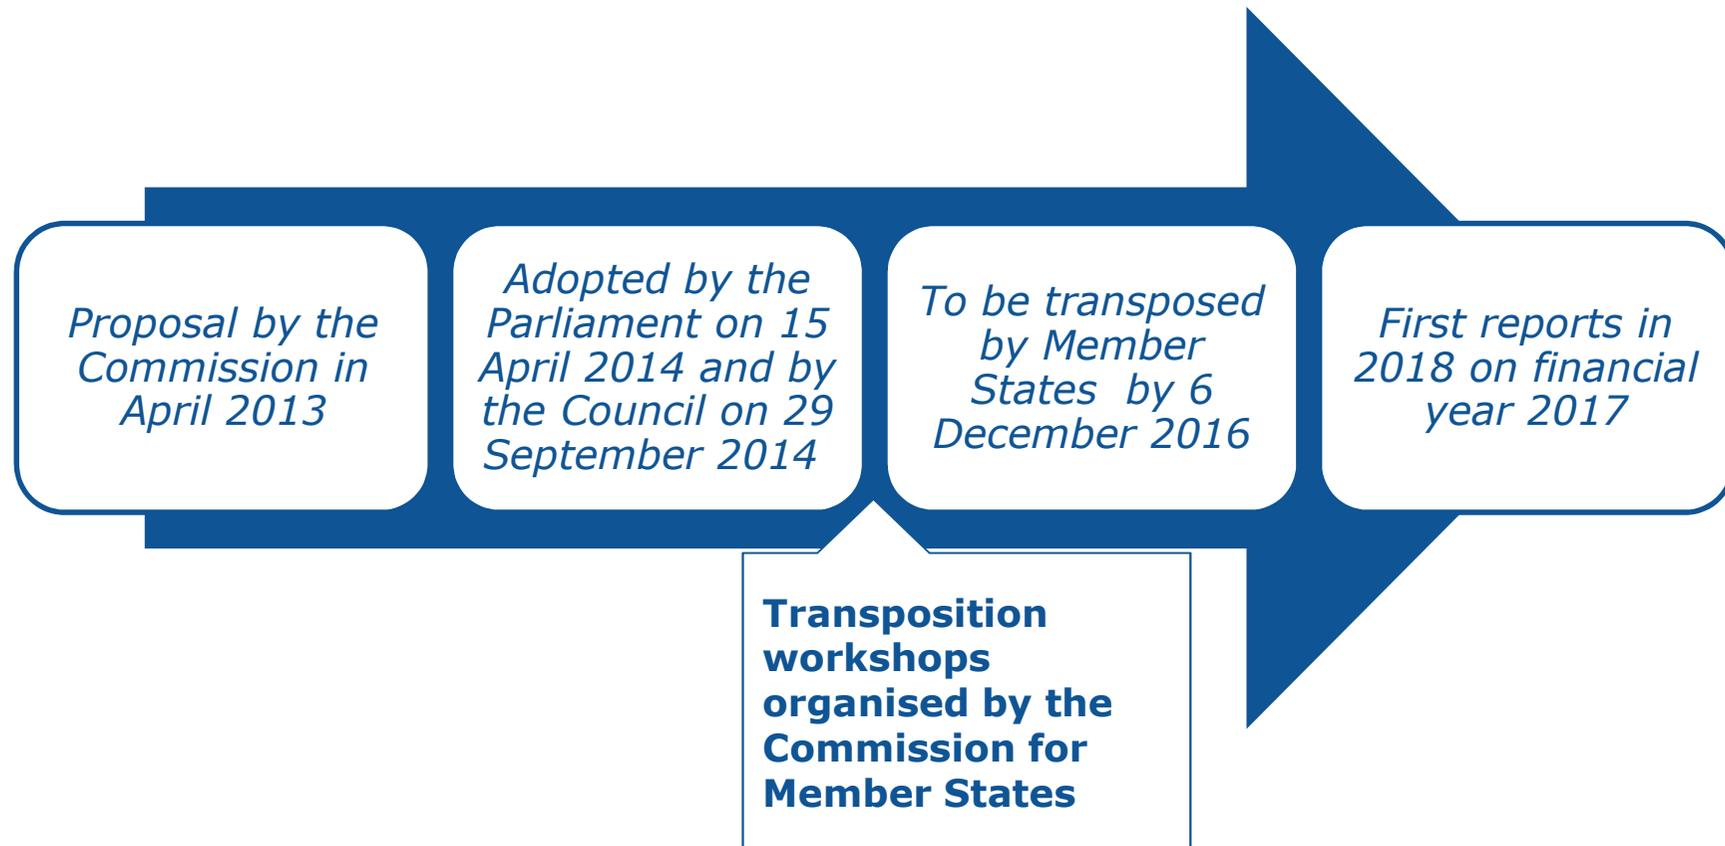

*Companies are required to disclose **material information** including:*

- Environmental,*
- Social and employee matters,*
- Respect of human rights,*
- Corruption and bribery matters, and*
- Diversity in the boards of directors.*

I.d Disclosure framework

- Brief description of the **business model**,
- Description of the **policies** pursued by the company, including **due diligence process** implemented,
- **Outcomes** of the policies,
- Principal **risks** (including where relevant and proportionate its **business relationships**, products or services) and how the company manages them,
- Non-financial **key performance indicators**.

I.e Timeline for the Directive

II. Non-binding guidelines (1/2)

*The Directive requires the Commission to **prepare non-binding guidelines on methodology for reporting non-financial information***

The Commission has undertaken extensive consultations

- Public consultation in the spring 2016: 355 answers*
- Meeting with Member States*
- 16 Expert Interviews*
- 2 Stakeholders Workshops*

Guidelines to be published by end 2016

II. Non-binding guidelines (2/2)

Outcomes of the public consultation

*The public consultation process shows significant support for an approach oriented towards **general principles**,*

*A key feature of this approach according to stakeholders is that it allows **flexibility** for companies so that they can exercise judgement in their disclosures.*

*According to many stakeholders, a key pillar of the guidelines should be the **materiality** (relevance) of non-financial information.*

III. Other related EU and international initiatives

1. *European Commission **High-Level Expert Group on sustainable finance** with the objective to develop a comprehensive **European strategy on sustainable finance.***

*This strategy aims both to **support investment in green technology** and to ensure that the financial system can **finance growth in a way that is sustainable.***

2. *At the request of the G20, the Financial Stability Board (FSB) established in December 2015 an **industry-led Task Force on Climate-related financial risk disclosures.** The final report of the Task Force is expected to be delivered to the G20 Summit in July 2017.*
